IDEA

Monika was an external lector of English on many nursery schools. She loved working with children so she decided to do something more for them and established her own **BILINGUAL NURSERY SCHOOL**.

FIRST STEPS

Everything started at the beginning of 2010. At first Monika hired space in building and then she personally painted and furnished interiors.

FIRST STEPS

To operate the nursery school Monika had to establish self-employment(licensed trade), do the certificate to teach English and study management to administrate the nursery.

She is currently studying pedagogy for greater expertise.

BEGINNINGS

Monika admits nursery management is very hard work and requires responsibility. She also tries to adapt individually to parents what means to work under big pressure and she's the main administrator of language teaching.

She spend 12 hours every day at work, later meets or calls with parents and then she works on the website.

ABOUT COMPANY

The institution is designed for intense English language learning in their own bilingual nurseries, kindergartens and language academy for children aged 15 months to 4 years ...

COMPANY WIDENING

...and later she established **Child language academy** for children aged from 2.5 years to 12 years

They are the first member of the Association of Cambridge Schools in Slovakia – they are supported and work closely with Cambridge University Press.
